The new limited ICE2EV scheme announced on Wednesday the 3rd of June allows eligible applicants to receive a €5,000 additional grant for electric vehicles. This is in addition to the existing €3,500 SEAI grant for electric vehicles, this scheme is for vehicles aged 13 years or older, with further terms and conditions [found here](#).

Fuel consumption and CO2 figures are determined on the basis of the WLTP test procedure as per Regulation (EU) 2017/1347. Only compare fuel consumption and CO2 figures with other cars tested to the same technical procedures. These figures may not reflect real life driving results, which will depend upon a number of factors including the accessories fitted (post-registration), variations in weather, driving styles and vehicle load. Additional equipment and or options may affect fuel consumption and the CO2 emissions produced. For further information, please visit Fiat.ie or contact your preferred Fiat dealer.

The colours and photographs illustrated can be affected by many factors including technical settings and the printing process and are therefore for guidance only and may differ from a real life environment.
